Lynsi Isbell
Manager
Purple Communications

Dear Lynsi Isbell:

Hello, my name is Amelia Bender. I am currently a student at Carolina University, studying sign language interpreting. I have taken ASL 1-5 as well as ASL- English, English- ASL and several other constructive sign language classes. I am on track to start my internship in January 2021, and then graduate in May of 2021. I know how to, and have worked in an environment where everyone works as a team, so I feel like I would fit well at Purple. I have experience interpreting for a religious setting and am very comfortable around deaf people. I have also included my resume that will show my experience and qualifications.

I would like to talk to you about an opportunity at Purple Communications. I am available most afternoons after 3 or 4. If you would like to schedule an interview, please use the number or email provided above.

Thank you.

Sincerely,

Amelia Bender
